

Critical Cover® Coveralls

ComforTech® Coveralls

Suitable for Use in Controlled Environments

Features & Benefits: ComforTech coveralls provide superior protection without sacrificing comfort. They are constructed of an innovative, lightweight, and durable material that delivers excellent protection against particles, biologicals and many fluids. The ComforTech material exhibits a low particle count and has a 99.9% filtration efficiency to help protect your environment from contamination. A breathable and efficient material, ComforTech also has static dissipative properties for those applications where electrostatic dissipative (ESD) protection is required.

Part No.	Size	Color
CV-J4022-1	S	White
CV-J4022-2	M	White
CV-J4022-3	L	White
CV-J4022-4	XL	White
CV-J4022-5	2X	White
CV-J4022-6	3X	White
CV-J4022-7	4X	White

Elastic wrist and ankle,
serged seams
25/case

AlphaGuard® Coveralls

Unique Blend of Strength, Comfort & Protective Qualities

Features & Benefits: AlphaGuard is the result of leading-edge technologies and brings to market a unique blend of physical properties that provides both the user and your production environment with a comfortable and efficient garment. AlphaGuard is a very breathable and comfortable material for the wearer while providing a high level of filtration efficiency for your environment. A low particle count adds another measure of environmental protection for your processes. AlphaGuard material is fluid repellent but not recommended for use with chemicals.

CV-74032-5	2X	White
CV-74032-6	3X	White
CV-74032-7	4X	White

Elastic wrist, ankle and back,
serged seams
25/case

GenPro® Coveralls

Basic Protection for Non-Hazardous Environments

Features & Benefits: GenPro coveralls are ideal for workers and visitors in non-hazardous environments. The lightweight, durable material lets you stay clean and comfortable all day while providing a limited barrier to particulates and contamination. The elastic back minimizes loose material and reduces the hazard of snagging on equipment.
