

Poly Tack Roll Mops and Accessories

Poly Tack Roll Mops in three different sizes and two different styles.

Foam Rolls: These rolls come in 9", 12" and 18" widths. The following specifications pertain to each size. Adhesive is a non-transferring water based acrylic.

Y-PR-9F 9", 1/16" PE Foam, 1.5" I.D. Plastic core, 40 sheets/rl, each sheet is perforated at 5.25".

Y-PR-12F 12", 1/16" PE Foam, 3" I.D., Plastic core, 20 sheets/rl, each sheet is perforated at 14.25".

Y-PR-18F 18", 1/16 PE Foam, 3" I.D. Plastic core, 20 sheets/rl, each sheet is perforated at 14.25".

Film Rolls: These rolls also come in 9", 12" and 18" widths. The following specifications pertain to each size.

Y-PR-9 9", 2.0 mil polyethylene film, 1.5" I.D. Plastic core, 180 sheets/rl, each sheet is perforated at 5.25".

Y-PR-12 12" 2.0 mil polyethylene film, 3" I.D. Plastic core, 40 sheets/rl, each sheet is perforated at 10.25"

Y-PR-18 18", 2.0 mil polyethylene film, 3" I.D. Plastic core, 40 sheets/rl, each sheet is perforated at 10.25".

Handles: Similar to paint roller handles, these handles are used for easy application of the roll mops.

Y-PH-9 9" Heavyweight roller handle with a basket style insert.

Y-PH-18 12", Heavy duty handle which utilizes 2 large inside rollers that fit tightly inside the 3" core. Made to fit both the 12" and 18" rollers.

Extension Poles: Extension poles that easily attach to both size handles and come in sizes that adjust from 4 feet to 16. These poles make cleaning floors, walls and ceilings an easy task.

Y-EP-1 4' to 8' Extension Pole, 1 1/4" Fiberglass outer construction with a 1 inch inner aluminum extension tube.

Y-EP-2 8' to 16' Extension Pole, 1 1/4" Fiberglass outer construction with a 1 inch inner aluminum extension tube.
