

Critical Cover® AquaTrak® Shoe Covers

OUTSTANDING PERFORMANCE IN WET CONDITIONS

FEATURES & BENEFITS

The proprietary AquaTrak material provides superior slip and fall protection in both wet and dry conditions. This advanced material was specifically developed to outperform the market in wet conditions. AquaTrak is a fluid resistant material and performs well even in low-level standing water. With a seamless sole design and a strong, stress resistant serged seam upper, AquaTrak is the preferred choice for many applications.

Construction Details:

Three colors to choose from: white, blue and black for easy department designation. Features a seamless sole, strong, stress-resistant serged seams and is fluid resistant. Different thread colors around the opening provide convenient size identification.

Styles/Sizes

Part No.	Size	Shoe Color	Thread Color
