

Description

The Suite Pocket Floor mop is made of high performance ultra-micro fibers which offer an excellent absorbance capacity which is great for applying a thick coat of disinfectant to the floor to achieve long dwell times. This performance engineered floor mop is also good for removing liquids or spills of various viscosities.

Product Information

- Part Number: Y-FM516WP-25
 - Packaging: 5 mops per pack, 25 mops per case
- Part Number (Gamma Irradiated): Y-FM516WP-11R
 - Packaging: 1 mop per pack, 25 mops per case
- Description: Absorbent pad mop with pockets. Useful for applying disinfectants on floors in critical environments.
- Size: 15" x 5"

Product Performance

Test	Method	Result
Particles	Helmke Drum IEST-RP-CC003.4	Category 1 Acceptable for ISO Class 5 use
