

MICROPOROUS LAMINATED COVERALL

SPECIFICATION SHEET

FEATURES

- This coverall is made from a complex non-woven laminated special PE film that is latex free.
- Made with elastic wrists and ankles.
- Its strength and breathability combined with inherent cleanliness, superior moisture protection, and chemical splash resistance make it a superior coverall choice.

QUALITY ASSURANCE CRITERIA

Guaranteed to be inspected to meet 4.0 AQL level II sampling plan per MIL-std-150E.

COVERALL SIZE CHART

Size	M	L	XL	2XL	3XL	4XL	5XL	6XL
A	38.75"	40.00"	40.50"	42.00"	42.50"	43.00"	44.00"	45.00"

Part Number	A-CVMW-Size
Description	Cleanroom microporous laminated coverall with zipper front and elastic wrists, back and ankles
Supplier	Benchmark Products
Size	Small – 6XL
Color	White
Material	Microporous material manufactured with a clean non-woven laminated PE film
Material Basis Weight	56 grams
Tensile Strength	MD=25.8 N/5cm TD=19.4 N/5cm
Ultimate Elongation	MD=48.7% TD=60.9%
Air Permeability	3356 mm/s
Packaging	5 per poly bag, 5 packs per case
