

Extra BLAS

Sterile Disposable Latex Cleanroom Glove

Sterile elbow-length cleanroom gloves, offering comfortable, flexible personal protection

- Heightened comfort and flexibility: BioClean[™] Extra BLAS elbow-length gloves' soft, stretchy film composition enhances flexibility and comfort
- Added protection: Their elbow-length design ensures forearm, wrist and hand protection, limiting cross contamination risks
- Reduced contamination risks:
 BioClean™ Extra BLAS sterile gloves are
 also aseptically packed, gamma
 irradiation sterilized (minimum SAL of
 10-6) and manufactured in accordance
 with ISO standards, further minimizing
 contamination risks, and they feature
 non-particulating EasyTear™ packaging
- Enhanced strength: These cleanroom gloves' textured surface and beaded cuff enhance glove strength and stability, reducing the risk of tears during donning
- Increased practicality: In addition, BioClean™ Extra BLAS controlled environment gloves are designed for easy double-donning, for everyday convenience

CAUTION: Safe use of these gloves by latex-sensitized individuals has not been established. This product contains natural rubber latex, which may cause allergic reactions.

KEY FEATURES & BENEFITS

- Soft, stretchy film: For PPE gloves that offer flexible comfort
- Elbow-length design: Extra coverage, fewer cross contamination risks
- Sterility assurance level*: Aseptically packed, gamma irradiation sterilized
